

Come, holiday with us !

Our delicious treats at your doorstep

Haryana Tourism Resorts are on Zomato now

ORDER SAFELY ON

zomato

Now order your favourite food safely on Zomato

Keeping up with trends in the market Haryana Tourism has recently tied up with Zomato, an Online Food Delivery Service. This venture will enable Haryana Tourism's Restaurant made cuisines to be delivered right at the patron's doorstep through Zomato app.

Haryana Tourism Resorts and their restaurants have been dishing out a bouquet of snacks and dishes since years and have earned a respectable number of patrons. However market dynamics are constantly changing and dining out is not the only option for food lovers as home delivery has become another popular choice.

Thereby, Haryana Tourism has tied up with Zomato, to bring the best of flavours from its various resorts across the state through online home delivery to the doorsteps of its patrons. Moreover, with the current Covid 19 Pandemic situation, online food delivery became all the more relevant in the given situation. In the initial round, HTC is serving its customers in Ambala, Badkhal, Pinjore, Panchkula, Panipat and Rohtak and soon will spread its online food delivery service throughout the state of Haryana through Zomato.

Helping hand during the Pandemic

Haryana Tourism also launched special thalis for those who are under quarantine and have no access to fresh and wholesome food. Thereby, a special quarantine thali has been introduced for people in need at a very nominal price of **Rs. 99+GST** and can easily be ordered through Zomato App. The thali has been specially curated keeping in mind the nutrition required for a healing person. The best of ingredients and fresh vegetables go into the thali for a delicious and healthy treat made by seasoned chefs of Haryana Tourism.
